**Preamble:** In June 2010 EMS was commissioned (client name withheld as required under contract) to supply and install a Digital Display System for the purposes of displaying the bus service at the shopping mall.

**Brief:** To show the Bus Schedule, Departure Times and also to update passengers of the waiting time. Meanwhile to broadcast a SCV program for those who are waiting.

**Criticals:** The critical item in this set-up is in the Digital Display software that was developed in-house.
